

**WEST VIRGINIA**  
CATTLEMEN'S ASSOCIATION

# "STEAKHOLDERS"

One person alone will have little impact on the future of the cattle business, but cattlemen across the state of West Virginia are standing together to make a difference. To face and conquer these issues head-on, the West Virginia Cattlemen's Association exists, in partnership with the National Cattlemen's Beef Association, to protect the business climate for beef.

Members receive networking and producer education opportunities, support for the youth of the industry, and representation in both state and national houses of legislature. Join today to become a part of the effort dedicated to protecting your industry for generations to come.
